
MuirMcNeil

A monospaced
geometric type system –
seven typefaces /
forty-eight fonts

TwoPlus

TwoPlus

TwoPlus is a development of MuirMcNeil's TwoPoint modular type system.

In TwoPlus, seven monospaced type collections comprise forty-eight typefaces in matched ranges of numerically calibrated weights. Each TwoPlus font also features a set of rectangular background panels in corresponding grid patterns.

In TwoPlus, like other MuirMcNeil typefaces, individual letters operate as variable components within differential visual systems. A common grid, shared with the TwoPoint typefaces, determines positioning for both letter contours, panels and spaces in all TwoPlus typefaces, with every element and space aligning precisely.

TwoPlus typefaces are designed to interact with one another, and with those of TwoPoint, offering a huge range of visual possibilities. Using page layout, bitmap or vector design software, the user can apply selected styles to letterforms and background panels either in precisely interlocking layers or in easily calibrated offsets. Outlines, tints, colours, textures, patterns and transparencies can be applied as appropriate.

When overlaid in pairs, the 76 fonts across TwoPoint and TwoPlus allow for a possible 5,776 combinations.

These features provide an enormous number of possibilities when working in print and fixed media. They are also particularly useful in motion graphics where their precise layering and positional calibration can provide perfect control over transitions and many other exciting visual opportunities.

Users should note that the Postscript multiple path versions supplied are design tools only. They may not render correctly on screen and could also perform unexpectedly on low resolution laser printers. Users are advised to convert complex designs to outlines before outputting.

A large, bold, black graphic of the letters 'A' and 'E' in a stylized, geometric font. The 'A' has a thick vertical stem on the right and a horizontal base with a diagonal stroke on the left. The 'E' has a thick horizontal stem with a vertical stem on the right and a horizontal top bar.
